

COMPLETION REPORT OF I-VILLAGE STREET LIGHT PROJECT:

The installation of street lights project in the village-I of Rabgayling Tibetan Settlement, Gurupura, has completed successfully as per the agreement. We could install 8 street lights at the road side of village and an electricity meter along with the timer. It has helped tremendously to the villagers to protect from the intrusion of wild animals. The villagers can now move around safely. It has benefited each and every resident in the I-village in total of 35 household as well as the visitors.

Street lights installed at the centre of I-village near community hall.

Street lights installed around the residents.

Installation of electricity meter with time at electric pole.

Electricity meter with time for street light.

On behalf of all the settlers, we would like to extend our heartfelt thank and gratitude to Central Tibetan Relief Committee (Department of Home) for making this project success.

Thanking you with warmest regards.

Sincerely yours,

Mrs. Tenzing Dhadon
Settlement Officer
Rabgayling Tibetan Settlement
Gurupura
